

Amla Powder (Indian Gooseberry Powder)

USA Export Grade

Product Description

Premium quality Amla Powder manufactured from fresh Indian Gooseberries (*Emblica officinalis*), sourced from trusted farms in India. Processed in FDA-registered and FSMA-compliant facilities using low-temperature drying and fine milling techniques to preserve natural Vitamin C, antioxidants, and phytonutrients. Free from artificial colors, preservatives, GMOs, additives, and fillers. Suitable for U.S. dietary supplements, functional foods, herbal formulations, and private-label wellness brands.
